After so Long a
Time of Waiting

WATERWORKS AND LIGHTS

Money Will be Available in from
Thirty to Sixty Days. Work to
Begin at once.

At last the House has passed the Senate bill giving to Anadarko the snug sum of \$60,000 for municipal purposes. This sum comes from the sale of town lots and though much delayed will enable the city to make some much needed improvements and provide some necessities such as waterworks, light, sewerage, school houses, streets and etc. With these additions to the comforts, conveniences and appearance of the city we will assume a metropolitan air unknown to the towns in the old strip.

Work on the public improvements will give employment to three or four hundred men who will spend their earnings with our home merchants and thus help to tide over the usual dull summer.

Waterworks will improve the sanitary condition of the town and render a sewerage system possible. But most important of all it will lower the rate of insurance from twelve to two per cent thus saving to our citizens hundreds of dollars which otherwise would be sent out of the city. Sewerage will relieve the soil of the burden of absorbing all the waste products and remove all fear of disease which the presence of such matter always causes. Air, earth, water will be purified and cleansed.

Aside from this \$60,000 the county will receive \$30,000 with which to construct an elegant home for its officials beautifying the court block, the city and adding solidity and strength to the county at home and abroad.

City and county will be relieved of bond issues and their accompanying burdens, interest and a high rate of taxation. Immigration will be attracted to a city free from excessive burdens; capital will come here where the opportunities are the greatest and the burdens the least; modern school buildings and efficient schools will attract families seeking new homes. Verily the new country enters upon a future the like of which has never been known, a real, live, modern, progressive community enjoying all the conveniences of states that have passed as many decades as it has seen months. Entering upon a future free from all debt, from anxiety and financial troubles, possessing the greatest climate and richest soil on earth who can forecast the possibilities of this vast country. (People by the select of all states.)

Teachers Annual Institute.

The first annual session of the Caddo county Teachers Institute will convene June 23 1902 in Anadarko and will continue four weeks.

It is of great importance that every teacher in the county and every person expecting to teach in the county should be in attendance at this Institute. The foundation of a system of public schools is being laid; the efficiency and success of the system to be established will depend largely upon the zeal, scholarship and professional skill of the teachers who are to direct the work in the different school-rooms. The aim of our Institute will be to strengthen teachers along this line. The best attainable talent for instruction has been secured, and their aim will be to conduct the exercise so as to create enthusiasm to give educational inspiration; and to exemplify the best methods of instruction and discipline.

Again we urge all teachers and friends of education to enroll with us. We will do our best to make your sojourn in Anadarko pleasant and profitable. The Reading Circle and Association work will be organized and the course of study will be examined and discussed. The examination for certificates will be based largely upon the work done in the Institute. No other regular examination for county cer-

tificates after the institute will be held until October, for this reason it is very necessary that all persons desiring positions as teachers should come and take the Institute work and examination at its close.

Arrangements for board at reasonable prices will be made. For further information address the county superintendent.

C. W. TURNER, County Supt.

Our New Hotel on B St.

E. W. King returned home this morning with a smile on his face a yard long. He has been to Wau-tonga and Enid in the Territory and also visited several points in Texas to secure a tenant for the large hotel that is soon to be erected on the corner lot just east of the National Bank on B street. When E. W. King goes after a thing he generally lands it. You could almost hear him smile as he said, you bet I secured a tenant for that hotel, and work will begin at once, and before many morns we will have a large three story brick hotel just as fine as any city in the Territory. Mr. King informed us that the parties who will build this hotel had delayed the work for a short time in order to see if a tenant could be secured to take charge of the hotel as soon as built. And now that the tenant has been secured everything will be done to push the work to completion. Hurrah! for E. W. King he is a hustler for Anadarko. And make a motion that when you meet him ask him "to take something."

Postmasters.

Washington, D. C. June 12—The post-office department has decided to defer the appointment, of presidential postmasters in Hobart, Anadarko and Lawton, until next November.

These are fourth class offices now. A readjustment of salaries of postmasters will not be made until October, as that they will not become presidential until after that time.

No new appointments will therefore be made until possibly next December.—Ex.

The Courts.

Terms of Court in Seventh Judicial District:
At Lawton, June 17 1902
At Anadarko, July 7 1902
At Mangum, Sept. 9 1902
At Hobart, October 1 1902
At Lawton, October 28 1902
At Anadarko, November 25 1902

A party who claims to have been sandbagged and robbed of \$5.80 last night had his wounds dressed by Dr. Campbell this morning. He had one cut across the back of his head and a face badly battered. We are unable to verify the robbery story. It seems to be the fad to cry robbery in such cases as that invariably invokes the sympathy of the public and at the same time closes the matter as far as the public is concerned.

In order to increase trade during hot weather I am going to sell to-morrow only, 20 lbs granulated sugar for \$1.00. Polke best tomatoes 2 for 25c. American Indigo Prints 5c per yard and other things reduced accordingly.
